RESOLUTION

TARIFFS

New Delhi, the 12th November 1952

No. SC(A)-2(92)/52.—In their Resolution No. 3-T(3)/51, dated the 11th December, 1951, the Government of India in the Ministry of Commerce and Industry requested the Tariff Commission to conduct a review of the retention prices of tinplate payable to the Tinplate Company of India Ltd., after the 31st December, 1951. The Commission having conducted an inquiry has submitted its report. Its main recommendations are as follows:—

- (i) The controlled selling prices of tinplate in India should be fixed on the basis of the international system.
- (ii) Since the price of tin is very unstable, any variation in the cost of tin purchased by the Company from the rate adopted in determining the fair retention prices of tinplates should continue to be adjusted with the Iron and Steel Control Equalisation Fund as hitherto. The consumption of tin for this purpose should be calculated at the rate of 27.5437 ozs. (gross) per 31.360 sq. inches surface area of tinplates.
- (iii) The Iron and Steel Controller should scrutinise the latest extras prevailing in the U.K. as furnished by the Tinplate Company and the Metal Box Company and evolve a suitable list of extras for Indian tinplates.
- (iv) The Schedule of fair retention prices for different gauges of tinplates as determined by the Commission should remain in force for the year 1952.
- (v) The Tinplate Company should continue to be paid provisionally the prices recommended for 1952, till the end of June 1953, when the position should be reviewed, if necessary.
- (vi) In the event of a revision of the controlled selling prices of steel, prices of tinplates should also be revised.
- (vii) Any variation in the credit for sale value realisable from scraps following the variations in prices of steel and tin should also be adjusted with the Iron and Steel Control Equalisation Fund.

2. The Government of India have carefully considered the report and have decided to accept these recommendations.

Y. N. SUKTHANKAR, Secy.
